

Living in 3-D

Introduction: *The human eyes are able to see images in three dimensions; height, width and depth. We began a sermon series last week to help equip all of us to naturally share our fit in Jesus Christ with those who don't yet know him. We can ALL do that if we change the way we view evangelism and in seeing people from a three dimensional perspective. How can we best capture both friends and strangers for Jesus Christ?*

I. _____ Friendships

Ecclesiastes 4:9-12; Genesis 2:18

Romans 5:8; John 3:16; I John 4:10; Genesis 3:8&9

Matthew 12:9-14; 9:9-13; Luke 18:9-14

II. _____ Their Stories

James 1:19; Ecclesiastes 3:1,7; Psalm 46:10

Philippians 2:6-8; Galatians 2:20

"Based on my experience, most people who wind up in the kingdom of God can trace their salvation back to a single, life-changing conversation with a Christ-follower" (Just Walk Across the Room, by Bill Hybels, p.87)

I Corinthians 9:22; Proverbs 10:19b; 17:28

Colossians 4:3-6

III. _____ Our Next Steps

Revelation 2:7; 3:6,13,22

Acts 16:6-10; 20:22&23

I Corinthians 2:12; Galatians 5:25

Conclusion: Write down the name of someone God wants you to pray for over the next three weeks and pray every day Paul's prayer from Colossians 4:3&4 when you wake up in the morning.
